Priority Reforms

Outcomes related to reforming the way that government works in partnership to 'accelerate improvements in the lives of Aboriginal and Torres Strait Islander people' (clause 25). Development of measurement of targets and indicators under the Priority Reforms is occurring across phases – see **section 1.1** of the *Closing the Gap Annual Data Compilation Report July 2026*.

Click on a Priority Reform area below for more information on the target and access to related supporting indicators.

PR1: Formal partnerships and shared decision-making

No data is available

PR2: Building the community-controlled sector

No data is available

PR3: Transforming government organisations

No data is available

PR4: Shared access to data and information at a regional level

No data is available

Socio-economic outcome areas

Outcomes important to the rights, wellbeing and quality of life of Aboriginal and Torres Strait Islander people.

Click on a socio-economic outcome area below for more information on the target and access to related supporting indicators. Outcome area boxes show national data and assessments of progress towards each target since the baseline year, based on the latest available data, at July 2026. Data relate to the Aboriginal and Torres Strait Islander population.

^ *Note for Target 3:* **improved and target met** (national end-point assessment). 2025 is the end-point for Target 3 (by 2025, increase the proportion of Aboriginal and Torres Strait Islander children enrolled in Year Before Full-time Schooling (YBFS) early childhood education to 95%).
